LOW PRESSURE TUBING

COILED EXTENSION

Product #	Units/Case	Size	Description
C405-0060	100	60"	60" Coiled Extension Line (for use with Covidien pre-filled syringes)
C405-0061	100	60"	60" Straight Extension Line with Check Valve

STRAIGHT EXTENSION

Product #	Units/Case	Size	Description
C405-0201	100	8"	8" Straight Extension Line with Check Valve
C405-1208	100	48"	48" Straight Extension Line
C405-1508	100	60"	60" Straight Extension Line
C405-1501	100	60"	60" Straight Extension Line with Check Valve

Y-LINES

Product #	Units/Case	Size	Description
C405-1549	100	60"	60" Coiled Y-line w/o Check Valves (for use with Optivantage)
C405-2604	100	60"	60" Coiled Y-line with 1 Check Valve (for use with Optivantage)
C405-2155	100	60"	60" Straight Y-Line with 2 Check Valves (for use with Optivantage)
C405-1559	100	60"	60" Straight Y-Line with 1 Check Valve (for a variety of injectors)

HIGH PRESSURE LINES

Product #	Units/Case	Size	Description
C403-0100	50	10"	High Pressure Line with Fixed Luer
C403-0101	50	10"	High Pressure Line with Rotating Luer
C403-0200	50	20"	High Pressure Line with Fixed Luer
C403-0201	50	20"	High Pressure Line with Rotating Luer
C403-0300	50	30"	High Pressure Line with Fixed Luer
C403-0301	50	30"	High Pressure Line with Rotating Luer
C403-0400	50	40"	High Pressure Line with Fixed Luer
C403-0401	50	40"	High Pressure Line with Rotating Luer
C403-0480	50	48"	High Pressure Line with Fixed Luer
C403-0481	50	48"	High Pressure Line with Rotating Luer
C403-0600	50	60"	High Pressure Line with Fixed Luer
C403-0601	50	60"	High Pressure Line with Rotating Luer
C403-0720	50	72"	High Pressure Line with Fixed Luer
C403-0721	50	72"	High Pressure Line with Rotating Luer

TRANSFER SETS & J-TUBE

Product #	Units/Case	Size	Description
C405-3208	100	20"	20" Transfer Set (fill set) with Swabable Valve and Short Spike
C405-3041	100	7"	7" Transfer Set (fill set) with Long Spike
C405-3200	100	20"	20" Transfer Set (fill set) with Long Spike
C853-0904	100		Extra Long Quick Fill Tube with "J" Curve

NEW! —125mL Syringe

Fits Covidien Optivantage and CT9000 Series Injectors

- Shorter tip and coned plunger reduces 5mL waste per patient
- Plunger location reduces cross-contamination risk
- Innovative alternative to costly pre-filled syringes
- Made in the USA

Product #	Units/Case	Size	Description
C853-0125	50	125mL	Includes Fill tube.
